Most CPVC products listed in this price sheet have been CSA approved. Please call NIBCO for specific listing.

NIBCO CPVC pipe and fittings meet ASTM D2846 requirements and are produced in copper tube sizes to SDR 11. NIBCO CPVC pipe and fittings are listed with the National Sanitation Foundation under NSF Standard No. 14. CPVC systems, including the joints, are rated at a continuous working pressure of 100 psi at 180°F and are able to withstand short-term exposure above rated temperature and pressure.
